

PRODUCT INFORMATION

Date of issue: 01.09.2020

Polystar® Plus

Application area:

High performance multi purpose cleaner for complete interior and exterior cleaning of motor vehicles.

Product description:

Polystar® Plus is a solvent-free cleaning concentrate with strong cleaning power and grease-dissolving properties. Removes nearly all contaminations in the automobile sector. Applicable on paint, glass, plastic parts, interior linings and textiles. Ideally suited for difficult to clean areas, such as door folding, flaps and identification plates.

Recommendations for dilution inside:

Slight contamination	1:50
Medium contamination	1:10
Strong contamination	1:3

Additional information:

Before use check for compatibility of materials. Do not spray on hot paints and do not allow product to get dry on. Do not apply on unpainted metal, touch-screens or leather. Reserved for industrial and professional use. Keep out of reach of children. Safety data sheet available under www.polytop.de.

Density:

1,07

Art. no.: Pack size:

18300005	5	Liter
18300010	10	Liter
18300025	25	Liter
18300200	200	Liter

Features:

- large spectrum of applications
- strong cleaning performance
- effective against oil and grease

Application:

Interior application: Spray on a Polytop Microfiber Cloth and wipe the surfaces. Exterior application: Spray directly onto the contamination and leave it on for 1-2 minutes. If necessary intensify with a cleaning brush. Rinse off thoroughly with clear water.

Recommendations for dilution outside:

Strong contamination	1:100
Medium contamination	1:15
Strong contamination	1:5

Ingredients:

EC 648/2004: cationic surfactants less than 5%, nonionic surfactants less than 5%, amphoteric surfactants less than 5%, Chelating agents (GLDA) less than 5%, phosphonates less than 5%, fragrances (LIMONENE, LINALOOL, CITRAL), dye, additional information: silicates, alkaline

Hazardous informations:

Causes skin irritation. Causes serious eye irritation.

WARNING
