

CODE	Art. 1540
TRADE NAME	ANTISILICONE
PRODUCT TYPE	SILICONE REMOVER

Technical characteristics

The Antisilicone formulation, based on highly selected raw materials, thanks to its double degreasing action and selective, is used to remove from the car bodies waxes and silicones not solidified. The Antisilicone has good solvent power: the molecules of fat raises for easy and complete removal. Does not affect and obscures the painted pieces. Thanks of its purity characteristics it is stable and does not deteriorate.

Important

Apply the pure product on a support (paper or cloth) and apply on the surface to be treated.

Always conduct a preliminary test before using.

Use according to good working practices, however, dispose of the product or packaging environment.

Safety data

Refer to the Material Safety Data Sheet

Chemical and Physical Property	
Physical State	Liquid
Colour	Colourless
Odour	Characteristics
Flash point	< 21°C
Relative density	0,78 ± 0,02 g/cm ³
Water solubility	Insoluble
Boiling range	93°C – 173°C
