

TECHNICAL DATA SHEET

ACRY PRO TOP

Acrylic thinner for METALLIC BASE - ACRY PRO TOP - 1130

Technical Specifications:

The **Universal Acrylic Thinner**, formulated with highly selected raw materials, is used for thinning primers and finishes based on acrylic resins. Suitable for two-coat applications, pastel bases, and clear topcoats. It enables rapid dust-free drying and provides improved flow and gloss to the paint, as well as fog resistance. Thanks to its strong solvent power, it can also be used for cleaning spray guns, brushes, and tools contaminated with uncured paint. Due to its high purity, the product is stable and does not deteriorate.

Directions for Use:

For thinning:

Thin the coating product until the desired fluidity is achieved. Optimal thinning enhances the gloss and flow of the paint.

Important:

Always perform a preliminary test before use. Use in accordance with good working practices, avoiding the release of the product or its packaging into the environment.

TECHNICAL DATA SHEET

TRADE NAME	ACRY PRO TOP
PRODUCT TYPE	Universal Acrylic Thinner , suitable for gloss and matte finishes, two-coat systems, and clear coats.

Chemical and physical properties

Physical State	Liquid
Colour	colourless
Odour	Aromatics
Boiling Point	80°–170° C
Flash Point	< 23° C
Relative density	0,875 ± 0,010 kg/l
